## Include:

for the spiritual care  
and support of people with  
learning disabilities

**INCLUDE support group meetings** are offered to anyone interested or involved in the spiritual care and support of people with learning disabilities. You could be a parent; other family member carer; volunteer; support worker; advocate; health care professional; church worker; or minister. From whatever faith background, or none, we meet to offer support and encouragement to each other.

We have been meeting since 2012 and meet on a regular basis bi-monthly. Attendance is free and the format is very informal. If you would like to register an interest please contact Revd David Middleton, (contact details above) to find out the date and venue of the next meeting.

INCLUDE: is a collaboration between The Learning Disabilities Chaplaincy at SHSC (NHS) Foundation Trust, and Focus Service: Sheffield Church. Overall ownership of the Include project is retained by SHSC Trust.
